

IRG/WP 3600, Cannes conference 1990 proceedings

Contents:

- IRG/WP 90-3582 Canadian code of good practices - Recommendations for design and operation of wood preservation facilities
V N P Mathur, G Das
- IRG/WP 90-3565 Current models used by the European health authorities to evaluate the volatilization of active ingredients from treated wood used inside dwellings
A Valcke, L van Leemput
- IRG/WP 90-3572 Creosote and cancer
S Karlehagen, A Andersen, C-G Ohlson
- IRG/WP 90-3588 Surveillance médicale des personnels exposés aux produits de préservation du bois
J-C Aubrun
- IRG/WP 90-3585 Traitement curatif des bois en place. Hygiène et sécurité
Ph Huré
- IRG/WP 90-3575 Point sur la réglementation et contraintes administratives
J H Moneger
- IRG/WP 90-3580 The environment and the timber preservation in the Benelux countries
C de Mey, R Leegwater
- IRG/WP 90-3569 Safe handling of solvents in relation to classification and labelling
J Haugaard
- IRG/WP 90-3562 Proposed methodology for the assessment of safety indexes
G Ozanne
- IRG/WP 90-3566 Determination of fixation properties by bioassays. A proposal for the assessment of safety indexes in wood protection
H-W Wegen
- IRG/WP 90-3568 The risk assessment process. Point of view of a biocide manufacturer
D Baur
- IRG/WP 90-3584 Evaluation of the biocide diffusion from treated wood in indoor air. Bibliographic study
A Pichard
- IRG/WP 90-3586 Etude de l'impact d'un xénobiotique sur le milieu aquatique: Approche méthodologique
G Blake et G Merlin
- IRG/WP 90-3579 The effect of acid rain on CCA treated timber
R J Murphy, D J Dickinson
- IRG/WP 90-3571 Studies on the mobility of arsenic, copper and chromium in CCA-contaminated soil
J Bergholm
- IRG/WP 90-3581 Radical changes in the requirements for more safe pressure impregnation in the Nordic countries in 1988
B Moldrup

- IRG/WP 90-3577 Wood preservation and the environment: A Canadian perspective
J N R Ruddick
- IRG/WP 90-3563 Disposal of treated wood - Canada
P A Cooper
- IRG/WP 90-3570 Composting of waste building up in sawmill dipping basins
I Linderborg, U Ek
- IRG/WP 90-3583 Gestion des déchets dans le groupe Rhône-Poulenc
R P Furminieux
- IRG/WP 90-3587 Utility pole recycling and disposal in Eastern Canada
S D Henry
- IRG/WP 90-3589 Le rôle de l'expert dans l'évaluation toxicologique
C Boudene
- IRG/WP 90-3576 Modélisation sur maquette du rejet accidentel d'un gaz toxique et inflammable dans l'atmosphère
M Milhe
- IRG/WP 90-3564 An example of media response to perceived environmental problems with CCA-treated wood
P A Cooper
- IRG/WP 90-3574 The role of communication in the field of environment protection. A case study "Wood protection"
L Wöss
- IRG/WP 90-3578 Will political initiatives stop the use of preservative-treated wood in Sweden?
J Jermer, M-L Edlund
- IRG/WP 90-3573 A new preservative - A double edged sword
M Connell, J A Cornfield, G R Williams
- IRG/WP 90-3567 In search of excellence, a necessary challenge
Gb Rustenburg
- IRG/WP 90-3590 Summary report: Symposium "The challenge Safety and Environment"
